Suitable for both sitting and lying with shape and strength. The design is originated from the calligraphy of regular script, integrating both the square and round shapes.

The Square Design Constructs the Beauty of Spatial Order

Behave with integrity and modesty. The Regular Series includes single/double/triple combination that is rigorous and orderly, showing the beauty of order just as the saying goes "Nothing can be accomplished without norms or standards."

Dual Style Showing Different "Business Models"

The office style can be more than one type. The Elegant style integrates natural elements into the wood decorations, making you feel the elegance and grace at the first glance; the Simple style uses single color to show fashion without extra efforts, showing the minimalist nature of business.
