MALL

What you want, What you get!

Welcome to the Mall series of Sunon!

Here, you would be fully relaxed, and Mall series will take you to a brand-new dimension of office space. The abundant office scenarios are on, as if you entered a larger shopping mall which will offer all-kinds of products and with a space layout that is highly effective. The entire Mall collection can implement infinite possibilities. All your needs in offices can be satisfied with Mall series, giving you an immersive experience with flexibility and leisure.

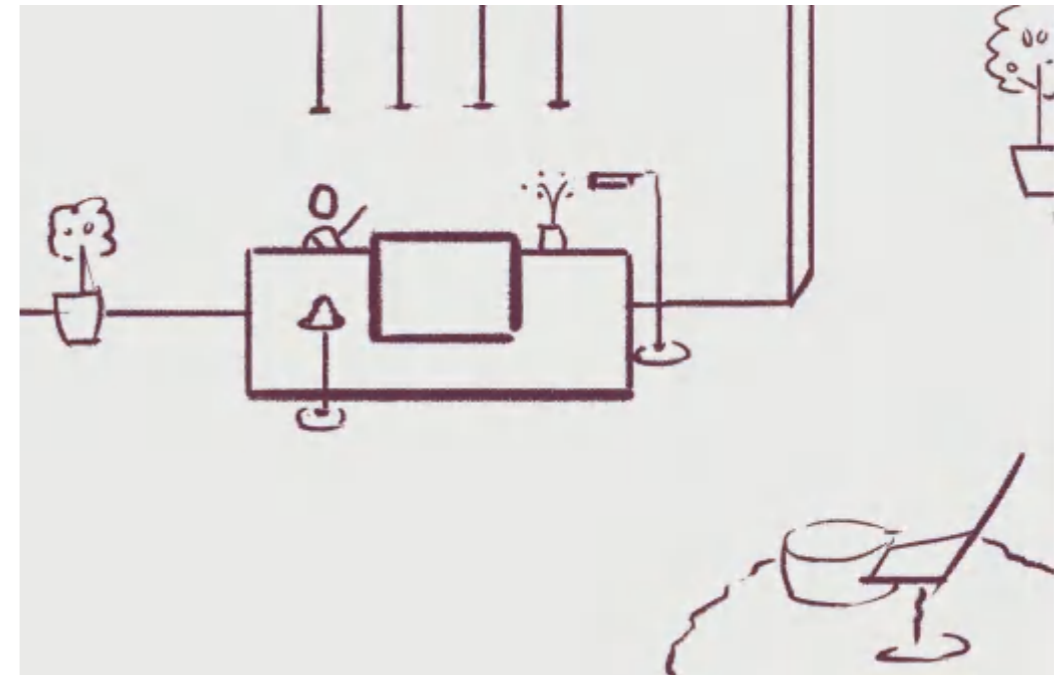

We always want to present a whole collection that includes everything you need in office and can meet all your requirements in different working modes. That is the original idea of Mall series, and that is why we named it Mall. This is the series with which you can form infinite combinations and choose one that suits your own needs. Modular design is the highlight of Mall series. Table and cabinet units and creative wall mount hutch can be used dependently or in combinations to fit into office space with different tasks, empowering employees with more initiative. Even a small space can have multiple functions. With comfortable and efficient environment created with Mall series, you can give full play to personal innovation and promote team interaction and collaboration. Work with Mall series, each minute pays.

Welcoming Front Desk Space

If people found a mall which they visited for the first time is a good place to purchase goods, they may become a VIP member there. This is the affect we want to acheive using Mall series. The office front desk is the first impression of visitors and represents the corporate image.

When the environment is satisfying, employees will enhance their service consciousness and show warm welcome to customers, thus customers will be more willing to communicate. Therefore, your company brand will spread, and your product can be receipt by customers in a more generous way.

If anyone that walks into your company can receive warm and welcoming reception, satisfaction on the company will increase rapidly. Mall series is always ready for improving your corporate image.

Concise design with neat storage

Wood and light white veneers make the overall appearance clean and concise. The overlaid structure maximizes storage space and at the same time gives a stylish visual sense. The space under the desk is half closed and half open, sufficient to store computer, files, and notebooks orderly.

An additional side cabinet with three drawers can further be equipped for more convenience of storage. With mall series, working is more fluent and agility of task-changing can be enhanced.

Focus on the Decision, Manager Space

Managers need high flexibility.

They spend a lot of time in coordinating with team members and waste no single minute to make a decision.

Office spaces designed for them need to be high efficient and focused, thus every element in their office space should be helpful for staying focused. Mall series is equipped with wall-mounted cabinets, wardrobe, file cabinets, which are available in three types of feet.

Limited space can be effectively configured to meet requirements of managers.

Every move can be done with high efficiency, helping them to stay focused to make a decision.

Unite Steel Leg

Loop Steel Leg

Oblique Steel Leg

- Three Types of Table Feet Available

Wardrobe for Management Leaders

Leaders need to be well-groomed at all times. As if you are the VIP guest of a shopping mall, Mall series also provides an exclusive wardrobe for managers.

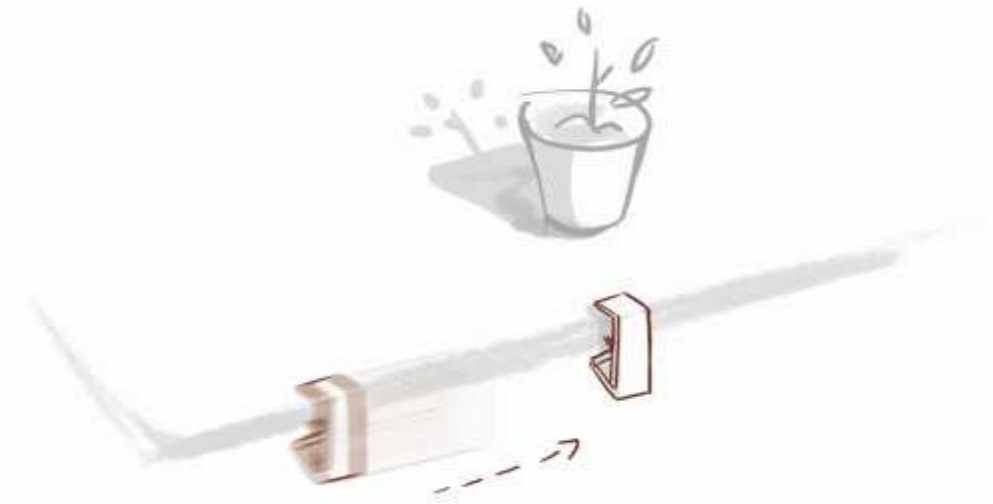

The 72"high(1800mm) Mall wardrobe is designed with a top shelf to place bags and a rail for hanging suits and bags. It can further be combined with display cabinets and file cabinets to implement various functions, even for small spaces.

Solemn and Calm Temperament

The square-shaped steel feet is prudent and elegant, endowing the space with a solemn and calm temperament.

The oblique steel leg is light and flexible, endowing the space with a light visual sense. The wall mount semi-open hutch can be easy mounted to the wall with snap joints. You can always display your favorite collections here to show off your taste.

Movable Z-shaped Hook

The steel hooks are placed on a rail that has an equal width with the steel feet. You can hang anything here, easy and convenient. The steel has high-quality for impressive load-bearing, you can hang your bag here instead of keeping it in the cabinet.

Staff Space Full of Creativity

Imaging a mall that is really a treat to enter. Products from your favorite brands which are sorted and matches perfectly. It is really wonderful to have the feeling that you are getting what you want.

In modern offices, employees who are fond of their job are working harder and may come up with more innovative ideas. Staff spaces created with Mall series are flexible and agile. Modular combinations of more than 8 types of tables and cabinets, like building blocks to achieve the office you want to work in. Active and fashionable elements can be found in every detail of Mall series to create interactive communication office atmosphere, quickly improve the office wellbeing.

Standing Cabinet for your Customized habit

The 48"high(1200mm) side cabinet delineates personal space while remaining access to team cooperation. The slide side cabinet is international standardized to meet needs of workers all around the world. The edge has a baffle for steady storage.

The cabinet with upper and lower layers are perfect for dividing open space and private space. They can serve different functions such as storing small items and sorting documents. The open cabinet with two grids on the table top is crafted with a fine binding techniques. You can see the craftsmanship in each of the details. Working here with Mall storage system is like a smooth flow.

With Both Privacy and Open Space

Line-shaped Cabinet Combination for Staff Space, Privacy in Open Spaces
Visual and storage privacy is of great significance. The line-shaped tabletop standing cabinets can be used as space division while not blocking the visual sight. Individual work and team communication can fluently process. The desktop and the cabinet are at a same height to give a seamless and neat visual sense. The space is thus order and clean.

Stylish Colors Speak for Youth

Visual uniformity help achieving a common goal. The graceful Morandi green, the serenity of savoy, and the steadiness of fashionable grey, all these color are favored by young staff. The slender handle echoes to color on the table feet, endowing the space with the vitality of youth.

The Slide Felt with Colorful Upholstery

The upholstery of the screen can be used as a display board to show off your team culture. You can also nail or stick something here to implement more functions.

Drawer Cabinet, Give You A Surprise

The orderly physical space gives you an easy mind in work. The multifunctional modular combination created by using Mall cabinet collection can meet storage requirements of different task spaces. 16"x13"x9.5" drawer cabinet is universal to store all sizes of files folders.

Multi-cabinet for Fluent Work

The side cabinets are available in one/two/three drawers, which are equipped with a three-section steel ball rail to prevent derail and ensure smooth opening and closing. A synchronization lock is further equipped to guarantee file security.

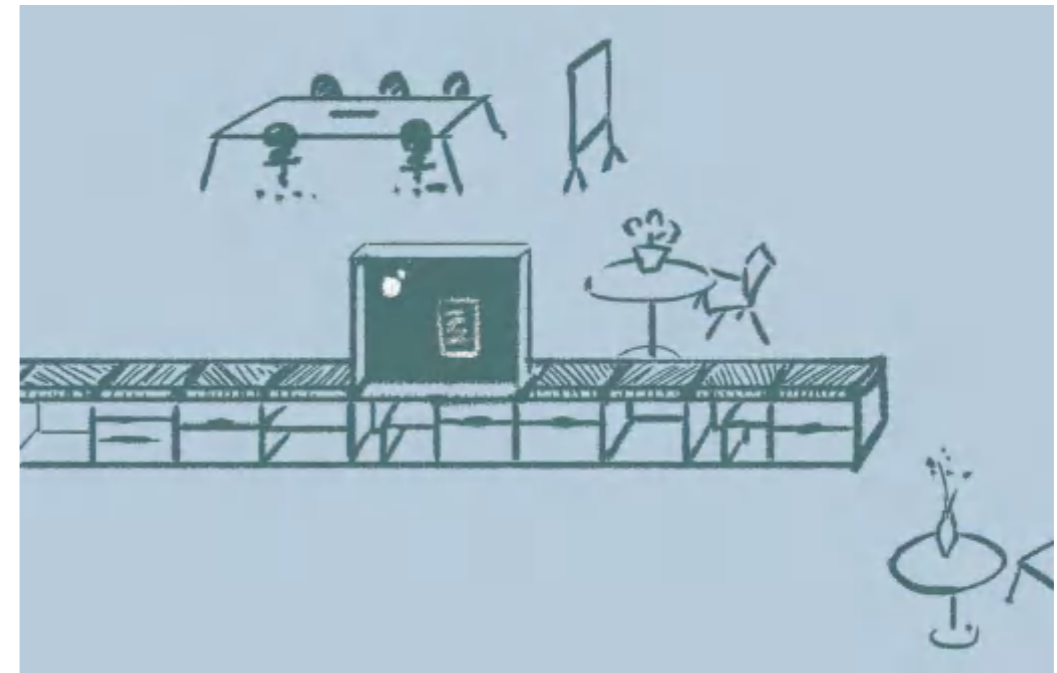

Multi-shape Staff Space

Line-shaped workstation combination with mobility cabinets that can be used as a stool and used for storage is suitable for team work. Single-position workstation equipped with high shelf cabinets can meet a demand for large capacity of storage, so the files are sorted orderly while the tabletop is neat and clean.

Conference Space for Knowledge Sharing

Shopping in a mall with friends in a lovely Sunday is so wonderful. You can talk and share funny things happened recently. As for the offices, conferences is where team members share ideas and promote projects.

Conversation here should be fluent, interactive, and initiative. The conference system, tables, and cabinet in Mall series are designed with concise appearances which endow the office space with easy and relaxed atmosphere. We can implement co-working even in a small space. Here, employees are more willingly to have discussion and active learning in such environment. Modular units implement free combinations for co-working even in small office spaces.

Books Complete Office Wellbeing

In a busy afternoon, the strained mind needs to be relaxed. In the staff negotiation area that consists of book cabinets, sofas, and coffee tables in the Mall series, you can grab a book, sit down, and have a cup of coffee to recharge. The book cabinets are available in two heights: 1200mm and 1500mm, which are designed with semi-open/open shelves and drawers for orderly storage. Staff wellbeing is greatly enhanced.

Bar-style Si-to-stand Working

Mall series includes a 48"high(1200mm) negotiation table, which is suitable for standing working or matching a high stool. The negotiation table is designed with storage cabinet with handled doors and 6"(150mm) table pocket to place all your working tools and files, leaving the tabletop neat and clean.

Multi-task Space with Higher Efficiency

The 78"high(1950mm) separation cabinet with a multifunctional white board can serve as both conference recording and space separation.

In the bottom is an open storage cabinet with two shelves, and the white board is seamlessly mounted on it through easy screw fixation. The tabletop is narrower at one end, so that everyone sitting here can have a clear vision to the white board side.

Conference Space with High Efficiency

The concise and warm conference table is round at one end and can be equipped with a screen at the other end, conference here is more fluent and efficient.
