Artistic leg symbolizes not only biding one's time, but also forging ahead.

Not from the stars do I my judgment pluck;
 And yet methinks I have astronomy,
 But not to tell of good or evil luck,
 Of plagues, of dearths, or seasons' quality;
 Nor can I fortune to brief minutes tell,
 Pointing to each his thunder, rain and wind,
 Or say with princes if it shall go well,

By oft predict that I in heaven find;
 But from thine eyes my knowledge I derive,
 And, constant stars, in them I read such art
 As truth and beauty shall together thrive,
 If from thyself to store thou wouldst convert;
 Or else of thee this I prognosticate:
 Thy end is truth's and beauty's doom and date.

----- William Shakespeare

"If you're not stubborn, you'll give up
on experiments too soon.

If you're not flexible, you'll pound your head
against the wall and you won't see a different solution to a problem you're trying to solve."

Jeff Bezos

TO BE A DREAM-MAKER

START TO DREAM BIG

Find the star that twinkles in your heart for you alone are capable of making your brightest dreams come true. Give your hopes everything you've got and you will catch the star that holds your destiny.

I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low, the rough places will be made plain, and the crooked places will be made straight, and the glory of the Lord shall be revealed, and all flesh shall see it together.

Wow, what a dream it has been for Martin Luther King. But the changing world seems telling me that people gradually get their dreams lost somehow in the process of growing up, and sometimes I personally find myself saying goodbye unconsciously to those distant childhood dreams.

However, we need dreams. They nourish our spirit; they represent possibility even when we are dragged down by reality. They keep us going. Most successful people are dreamers as well as ordinary people who are not afraid to think big and dare to be great.

When we were little kids, we all dreamed of doing something big and splashy, something significant. Now what we need to do is to maintain them, refresh them and turn them into reality. However, the toughest part is that we often have no ideas how to translate these dreams into actions. Well, just start with concrete objectives and stick to it. Don't let the nameless fear confuse the eye and confound our strong belief of future. Through our talents, through our wits, through our endurance and through our creativity, we will make it.

Hold fast to dreams, for if dreams die, life is a broken-winged bird that cannot fly. Hold fast to dreams, for when dreams go, life is a barren field frozen with snow. So my dear friends, think of your old and maybe dead dreams. Whatever it is, pick it up and make it alive from today.

Fireside chats at night

The modules of S1 sofa can be collocated freely. Enjoy a moment of tranquility from now.

Reflect yourself and talk to the inner world.

Open your mind

The width of the horizon determines the fate of an individual. Different layers of mindsets lead to different levels of achievement. Everyone tends to look at this world from his or her own angle, thus embraces various cognitions.

As a result, keeping talking should be a theme throughout our whole lives; talking to others enables us to have a clear perception of ourselves; while talking to ourselves enables us to have a clear mind and always have the courage to start from scratch.

Because of multi-layered cushion and real leather, every posture is enjoyable.
